

Live at *Home*...NOT in a Home

We are driven to seek out all that is offered to ensure a higher quality of life for our loved ones who are physically challenged and, to provide thoughtful solutions for those in need, for it is truly about the person.

Two companies joining to serve your Home Health Modification and Medical Equipment Needs.

- To become the Only Master Certified Environmental Access Consultant it took many hours to achieve Certification in manners of Commercial and Residential mobility access
- In order to achieve the Home Health Modification Certifications the Process has to be taken in many categories, such as;

Ramps for Mobility
Bathroom Access
Track Systems In Home for Room Access
Stair Lifts
Elevator Ramps
